

ANNUAL REPORT 2023

VISION

Our vision is that every child and young person, Le Chéile works with will be supported and empowered to realise their hopes and dreams.

MISSION

Le Chéile Mentoring is a national, volunteer mentoring, restorative justice and family support service, which supports children, young people and their families, where the child or young person is involved in or at risk of offending. We provide tailored supports, in partnership with other organisations, working along-side children, young people and their families, to enable them to reach their potential now and into the future.
